SUMMARY

Senior Frontend Developer specializing in Angular, currently working at MCV. Experienced in building scalable web applications, integrating APIs, and delivering clean, maintainable, and high-performance solutions.

WORK EXPERIENCE

Senior Frontend Developer -MCV (Manufacturing Commercial Vehicles) 03/2024 – Present

- Working on enterprise-level web applications using Angular, focusing on scalable architecture, performance, and reusable components.
- Collaborating with cross-functional teams (Engineering , Sales , Security system and HR) to deliver complex features and maintain production systems..

Frontend Developer 08/2022 – 02/2024

- Worked on multiple Shopify stores including OR, Daniel Hechter, and Boddiction. Customized themes, built new features, and integrated third-party services using Angular, .NET, and Node.js to support eCommerce operations and improve user experience.

EDUCATION

Higher Technological Institute (HTI). 2015 - 2020

Bachelor's degree in Electrical & Computer Engineering

- GPA : 3.36

Full Stack Web Development Diploma March 2022 - Dec 2022

- During this comprehensive 9-month diploma program, I acquired a strong foundation in full-stack web development, gaining expertise in front and backend technologies.

PROJECTS

Enterprise Systems – MCV

- Tender Management Application – Built and maintained a complex Angular system for handling requests, approvals, and workflows.
- Evaluation System – System for the HR to evaluate the kpis and bonus system for the employees.
- Gates system - Developed an internal system to manage vehicle entry and exit processes, including approvals, tracking, and security workflows.
- BOM generator - Developed a system that generates Bill of Materials from input data, allowing users to process requirements and export structured results.

Shopify Stores

- OR Store – <https://or-egypt.com/>
- Daniel Hechter Store – <https://www.hechter.com.eg/>
- Glitter Store – <https://glittershop.net/>
- El Okaby Pharmacies - <https://elokaby.com/>

Portfolio

- **k-ayad.com** - Selected Shopify and frontend projects showcasing real client work, including theme customization, UI development, and integrations. Available upon request.
